RE: EXHIBIT LOAN AGREEMENT #1998.12

Enclosed are two copies of Oklahoma City Zoological Park Exhibit Loan Agreement #1998.12

Please read over the loan conditions, sign both copies and return on to:

FRAN LYON
Oklahoma City Zoological Park
2101 Northeast 50th Street
Oklahoma City OK 73111

The other copy is for your records.

Also enclosed is a copy of our letter of authority to import and export animals into or out of the state of Oklahoma.

If you or your organization are importing animals into the state of Oklahoma, this letter of authorization and a health certificate must accompany the shipment.

Oklahoma City Zoological Park
2101 N.E. 50th
Oklahoma City, Oklahoma 73111

To Whom It May Concern:

The following conditions will apply to the Oklahoma City Zoo's import and export animals under a Commercial Wildlife Breeders license.

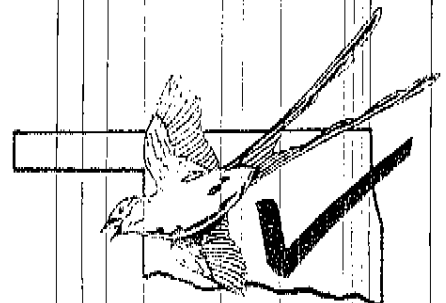

This letter will serve as the Zoo's authority to import and/or export animals provided that: (1) A copy of this letter, and other required documents, accompany all such shipments; (2) All health requirements are met and health certificates (if applicable) are maintained at the Zoo; and (3) A complete listing of all animals imported and/or exported is provided to the Oklahoma Department of Wildlife Conservation monthly, and at closer intervals, upon request, if the need arises. This list will include information normally included on a regular import/export request.

If the Oklahoma Department of Wildlife Conservation can be of any specific assistance to you or your staff regarding legal importation and/or exportation, please contact the Law Enforcement Division at (405)521-3719.

Sincerely,

Greg Duffy
Director

This exhibit loan agreement, entered into by

Oklahoma City Zoo (Lending party) and

Abilene Zoo (Receiving party),

concerns the following specimen identified as

0.1 African elephant "Tanzy"
okc isis 022101

and will remain in effect until terminated.

The Oklahoma City Zoo will pay for shipment to the Abilene Zoo.

The parties involved agree that:

- The receiving party agrees to provide adequate housing, diet and care to the well being of the specimen. In the event of serious injury or death of the specimen, the receiving party will promptly apprise the lending party of the condition and consult with them. In the event of death, a postmortem report by a D.M.M. will be forwarded to the lending party. Either party may terminate this agreement by giving the other party 90 (ninety) days written notice prior to the effective date of the proposed termination.
- In the event of the specimen being subjected to high risk veterinary or husbandry procedures, permission, if feasible, shall first be obtained from the lending party by phone. This provision is waived in case of emergency.
- The specimen will not be transferred to any location not contiguous the receiving party's property without first obtaining permission from the lending party.
- The receiving party will hold the lending party harmless from any responsibility or liability for any accident, escape or mishap, including, without limitation, any claims for personal injury or wrongful death or property damage or damage to animals or other losses, cost or expenses (including reasonable attorney's fees) arising out of or in connection with this exhibit loan agreement or the loan of the specimen hereunder.

Our records indicate that **Abilene Zoo** is currently holding the animal listed above which is owned by the Oklahoma City Zoo.

Is this animal alive and in your institution? If not, provide details of departure (date of transfer, date of death and necropsy report, etc.).

Yes, alive & in our institution

Have there been any recent medical problems?

Tanzy is thought to have arthritis, especially to her rear legs. She had been reluctant to present her back feet for foot sessions. We started her on Glycoflex nutraceutical in May and is greatly improved. Lately her attitude is much more positive.

Is there any other information regarding this animal of which the Oklahoma City Zoo should be aware?

Over the past 2-3 months Tanzy has become much more positive in her attitude and is responding well to the keepers.
