Submission Data >>

Type: Fecal sample  
Purpose: ROUTINE EXAMINATION

Sample id.: 2006-0142  
Date collected: 23.Oct.2006  
Collected by: CR

Collected from:

Group of specimens housed together.

Enclosure: E-7

Examination Data >>

Storage: room temperature  
Consistency: formed  
Gross appearance: Typical

Date examined: 23.Oct.2006  
by: TB

Tests & Results >>

FLOATATION - NA NITRATE

NO PARASITES SEEN
