

BURNET PARK ZOO ae
INDIVIDUAL ANIMAL MEDICAL RECORD

sex F page 1

name Lisa

common name Asian Elephant

ID no.

scientific name Elephas maximus

tag/band

5/1/88

Arrived in afternoon from Florida. She will be housed in elephant barn temporarily until Canada gives the go ahead for importation. Please see previous medical history sheets attached to her record. Stools are formed, her appetite is good. Lisa has multiple problems 1) emaciation 2) osteoarthritis or right front leg. Leg is stiff and straight 3) multiple foot abscesses & sores - or ventral pads of front foot 4) Dicubital ulcers on left hip and shoulder and check patch. Foot care & wound care will be continued while she is here. Will wash with dilute Nolvasan solution 1:29 dilution. Fecal exam - Neg.
